Locations in over 35 cities across the U.S.

Spend your summer working with our industry leading experts - customizing wealth management solutions for global clients. You'll explore the Wealth Management business while building your own expertise in a dynamic team environment for a [leading client franchise](#).

What You Can Expect

You'll [work on teams](#) to understand client needs, research fund information and examine market activities - developing and executing strategies that help clients meet their financial goals.

*"I've learned a lot about our clients from working across specific products within each asset class."
- Arman, Vice President*

This 9-week program kicks off in New York City where we give you the technical and practical knowledge for you to make an impact from the start.

Analysts will work in partnership with our client advisors, bankers, global investment specialists and estate experts to help recommend investment and wealth management solutions that protect, manage and grow our clients' portfolios.

Solutions Team Analysts (New York only) will collaborate with market strategy, equity, currencies and commodity investment teams to conduct research and analysis, develop products and respond to client needs.

Training continues throughout the summer with one-on-one mentorship, learning sessions and ongoing events to grow your professional network. You may receive an offer of full-time employment upon successful completion of the program.
